Mr. Coffey.

I agree with Bob and Bruce that this is a frustrating situation, but I don't think that Bob's Para 4 proposal, would accomplish the desired result. I have a low-key dialogue going with [ ] on the subject to acquaint him with the problem — believe it or not, he did not realize there was a problem. Although I can't say that these discussions will bear fruit, I do think that this is the best way to approach the problem, i.e. from within the C.S.

A fair percentage of this

of the Travel Committee

is a successful venture,  
since a good percentage  
of Regulation and Notice  
proposals deal with travel  
and travel related matters.

I'd suggest that  
you and I have an  
informal discussion  
with Bob and Bruce  
on the subject coming  
out of hope, with a  
best approach to  
the solution of the  
problem.

Would you read  
pls + give reactions  
before we set up  
discussion with  
Bob W &
